Under the Gap on the Bearna Walk.

17km sponsored walk in aid of Diabetes Ireland, crossing the Comeragh Mountains in Co. Waterford.

A message from the organisers

Welcome to the 2014 **Comeragh Bogtrot** brochure detailing the events to take place in March. The organisers have been busy putting together a varied programme to satisfy as wide a range of walks as possible.

This year we are partnering with Diabetes Ireland and they are using one of our routes as a sponsored walk route. This is a 17km Guided challenge walk on a route that has been in place for may be as long as 4,000 years, crossing from Rathgormack to Ballymacarbry. Those who are familiar with our Festival, and there are many who return year after year, will recognise the challenges we offer and should enjoy our new longer challenge walk. Walkers new to us can also be assured a great welcome with fabulous walks in wonderful countryside and an organisation that will look after your needs. We have a large number of local helpers assisting on the walks to whom we are hugely indebted - we are here to make your Comeragh Bogtrot a memorable adventure.

Due to transport restrictions, we have to limit the numbers on this walk to a max of 100. Note this is a challenge walk and has a total ascent of 460m, this walk also makes a great practice for anyone considering doing the Camino.

It should be noted that Hill Walking is an adventure sport and not devoid of an element of risk. Participants in these activities should be aware of and accept these risks and be responsible for their own actions and involvement. I here by accept the risk and do not hold the organisers, their servants or Diabetes Ireland responsible.

Our team looks forward eagerly to meeting you in March.

You must pre-register for the challenge walks on [eventmaster.ie](http://www.eventmaster.ie) a link to which can be found on our website www.nirevalley.com/index.php/bogtrot
